Air

# FREIGHT

Due to the sensitivity and time pressures involved in airfreight, BEJZ Logistics develops comprehensive airfreight service plans tailored to meet our customers' specific requirements. This is accomplished by learning our customers' exact objectives with regards to their internal and external requirements.

Sensitive and valuable goods are often subject to extreme time pressures and deadlines for everyone involved. Therefore, our Airfreight Department develops a customized service plan for each customer, and then implements our required Operational Handling Procedures to ensure a high quality service.

Our team of Air Freight professionals follows through on each and every shipment so that our customers can be assured of real-time status reports on all import and export air freight shipments at all times.

# FREIGHT

Ocean Freight is one of the key elements in multimodal transportation service. In order to offer the best service possible, we have a dedicated Ocean Freight Department specializing in FCL, LCL, Break-Bulk, Project Cargo and different types of cargoes on a global scale.

The flexibility and range of Ocean Freight Services offered by Globalink Logistics provides our customer economical alternatives to other, more costly modes of transportation. Our worldwide logistics services cover not only shipments from port-to-port, but also the complete door-to-door supply chain solution.

# Rail

# FREIGHT

Our railway and intermodal services extend beyond just moving containers and break-bulk cargo from Point A to Point B. Various post landed services such as customs clearance, terminal handling, door delivery and inland distribution are routine matters of our business.

Besides 20ft and 40ft container transportation, **BEJEZ Logistics** offers railway transportation of break-bulk, refrigerated, over-sized and heavy cargoes with equal efficiency.

**BEJEZ** enjoys direct business relationship and General Service Agreements with all Regional Railway Companies.
